21st CCLC Overview-

This is the after school program and we discussed what it is, how to get the word out and make it more informative than the current flyer is.

Need to ask the teachers in charge of each program, if they are going to continue their program. We discussed redoing the flyer, as a grid form style with hyperlinks that would show a picture and give a description of the program.

We discussed doing a Fair sort of event to show or be able to tell what the programs are at the beginning of the year to help get the word out about it for the school year.
