Facilitator: Terri Marshall

Principal: Martin Muecke

Jane Draper-Teacher

Tamara Butler - Classified

Gordon Brookshaw- Teacher

Ashley Ali-Osman – Parent

Call to Order Attendance (Members and Guests)

Review and Approval of Minutes (August Meeting) August meeting minutes approved by a yes vote by all present.

1. Principals Report:

Principal Muecke shared the benchmark data with the site council. Magee total for 24-25 89.31%. Minimal proficient students have dropped which increased the partially proficient data.

Math had a decrease in minimally proficient. New curriculum Eureka Math. Students need some basic fundamentals from 5th to 6th grade. Students will be doing IXL and working on fundamental skills in advisory to increase student success.

2 identified subgroups – African American students and Ex Ed students— rose in proficiency and had a slight achievement.

*African American student services come to our site to help students- Parent representative feels that they do not do enough to help in academics.

*it would be more beneficial if SS helped in that area.

*How are students being selected and how is the time being used by Student services?

* They need to help students move on to UHS

*It needs to be equitable

*Students being taken out of core class learning is not helping the student

*Having a meeting with student services to know what is the mission and goal and purpose would be advisable

6th grade ELA rose 6% in proficiency –Magee stands at 28.1%

6th grade Math had 28% proficiency as well (minimally proficient went down which benefits numbers)

7th ELA Increase in proficiency 27.8%

7th Math Increase 11.3% (minimally proficient went down which benefits numbers)

8th grade ELA we had a decrease 21.1%– possibly due to time on task by student—stamina from students is not there. Possibly offering snacks during test and going out for a walk about before test may help test scores increase.

8th Math increased 8.2%

2. EVENTS: Fall Festival was student run and was successful, students and families had a great time enjoying food, games and a great story time in the library.

Bloom outreach for 5th graders to come to Magee next year. Nov. 8th for a tour.

United Way Day of Caring Nov 2nd. U of A students, our Avid and Student Council students will be doing a revitalize our campus day from 8 to 12

3. Vote for \$200 that was submitted to be used for Ms. Marshalls classroom. A motion was made (Mr. Muecke to approve these funds for Ms. Marshalls classroom, with a second motion by Ms. Ali-Osman. A vote was carried and approved.

4. Budget item (Mrs. Butler shared about having the funds from Catalina Island accounts moved to Undesignated and the business office budget accounts.
5. Tshirts for Esports \$500.00. This item was tabled as more information is needed. Vendor to purchase from as well as how much the jerseys will cost.

Call to the Audience

Adjournment at 4:02pm
